

We will practise **key skills** in Maths, Reading and Writing to help children move on in their learning.

We will make sure all foundation subjects are taught well across school and that children are engaged in their learning.

The Diversity, Inclusion and Equality agenda will be followed in every part of the school, including the curriculum.

We will develop great teaching and learning across core subjects, with a particular focus on Writing and Phonics

The wider curriculum will contribute positively and effectively to the wellbeing of *all* pupils and ensure engagement and development

We will significantly raise the percentage of school attendance and improve punctuality

Leadership at every level, including by the pupils, will have a strong impact on school improvement.

We will engage with a wide range of partnerships to make children's learning more exciting
